Artificial Intelligence (AI) has the potential to reshape the construction industry as we know it. AI refers to computer systems capable of performing complex tasks that historically only a human could do, such as reasoning, making decisions, or solving problems.

Please join us for this interactive panel discussion focusing on *The Future of AI in the Construction Industry*. The Innovation Committee will also be hosting a Technology Showcase from 4:30-5:30 during the pre-reception networking. Contact WBC if your firm is interested in participating.
